STANDBY

Backfill for a missing/unavailable Referee.
If moved to a game, will be paid for that given game
Else, will be paid \$15 for each Standby Time Slot

Build-Out Line Enforced:

The build out line is used to promote playing the ball out of the back in an unpressured setting. When the goalkeeper has the ball, either during play or from a goal kick, the opposing team must move behind the build out line. Once the opposing team is behind the build out line, the goalkeeper can pass, throw or roll the ball to a teammate. Punting or Drop-Kicking the ball is not allowed. The build out line creates the opportunity to play out of the back in an unpressured setting. After the ball is put into play, the opposing team can then cross the build out line and play can resume as normal.
